

Prescribed Burn Experience Study

Seeking Individuals to Participate in a Study
Assessing the Experiences of Local Residents
during Prescribed Burns

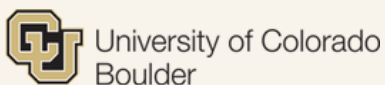

What are the experiences of local residents during prescribed burns?

We need your help to understand how residents experience and may be impacted by nearby prescribed burns. Our research team will conduct **air quality measurements, household surveys, and non-invasive lung function measurements** at participating households.

Scan this QR code to apply to participate!

Or contact the research team by email at katherine.dickinson@cuanschutz.edu. Households selected to participate will receive \$75 for completing all activities, with an additional \$25 for each participating adult household member.
